

The Georgia International Convention Center is Metro Atlanta's newest and second largest convention center. The GICC offers the best in facilities, technology, GBAC-certified safety, logistics and catering—and most importantly, the people to help you bring it all together. With 300,000 square feet of space, over 7,000 hotel rooms in the vicinity, and a two-minute ATL SkyTrain ride from the airport, the GICC is the perfect solution for your next event.

## SPECS & DETAILS

- 300,000 total square flexible feet
- 150,000 square feet of exhibit space
